

Press Release

AutoForm Expands its Presence in South Africa by Appointing an Agent

Pfäffikon SZ, Switzerland, May 4, 2021: AutoForm Engineering GmbH, the leading supplier of software solutions for stamping and BiW assembly processes, has appointed an agent in South Africa. AutoForm Engineering will be represented there by Ultimate Partner and its highly qualified and professional team. This engineering solution partner will offer the full range of AutoForm products and services to both long-standing and prospective customers.

In recent years, AutoForm has established a market presence in South Africa with its state-of-the-art software technology. Several well-known automotive, tooling and stamping companies in the country have already placed their trust in AutoForm for their key engineering and manufacturing operations. In order to be closer to both long-standing and prospective customers as well as to strengthen its presence in the market, AutoForm Engineering has appointed Ultimate Partner to become AutoForm's agent for South Africa.

Marc Lambriks, Country Manager at AutoForm Engineering in The Netherlands and responsible for the territory of South Africa stated: "I am delighted that Ultimate Partner has become our agent. The South African automotive industry is the largest in the region and future prospects are encouraging. With Ultimate Partner, we are able to foster our business relations with our existing customers as well as further grow our customer base. The collaboration with Ultimate Partner is in line with AutoForm's strategy to expand the market and support customers in achieving outstanding results. We look forward to a very successful partnership!"

Elton Murison, Director at Ultimate Partner added: "We are proud to be associated with AutoForm Engineering. Their software products complement our company's strategy to be the leading provider of the best engineering solutions in our market. AutoForm's portfolio of software products enables us to optimally support companies and address complex issues that arise in practice."

About Ultimate Partner

Ultimate Partner's focus is to empower companies to become leaders in their respective industries by providing the best technology, which can solve the most demanding engineering and scientific problems, in the shortest possible time. Their highly qualified and professional team works together with clients to develop, implement, and maintain systems that will support and enhance their overall business strategy.
